FRST Foundation partnership overview

October 2026

Safety is where we started. It remains at the heart of everything we do. We created FRST Blue reflective jackets and safety raincoats. Our jackets, raincoats and FRST beneficiary support are completely free for blind and visually impaired people.

6,006 jackets and raincoats · 60+ initiatives and community engagements · 29 organizations and institutions worked with

As of 28 October 2026.

1. Support practical safety

Explore support for distinctive reflective jackets and raincoats, with the quantity, recipient institution and handover plan agreed before a programme begins.

2. Back participation

Explore a contribution to sport, learning or a community experience. FRST supported a chess competition. FRST supported BPA’s self-defence workshop by providing blind-friendly T-shirts for women taking part.

3. Build public understanding

Explore a workplace or community awareness collaboration around respectful assistance, accessibility and recognising FRST blue. The format, roles and availability are agreed together.

Agree the scope before making a commitment

The scope, budget, timing, responsibilities and reporting are agreed together.
